## DISTRICT COURT IS NOW ONE DAY BEHIND SCHEDULE

Murder Case Will Be Taken  
Up Next Monday  
Morning.

District court will adjourn this afternoon to reconvene at 9 o'clock Monday morning. The past week has been a busy one for those connected with the court, and the judge, jurors, attorneys, clerk and officers of the court will welcome the day of rest which will be enjoyed Sunday.

Despite the fact that Judge Bolen has kept the work of the court in motion, even to the holding of a few night sessions, they are now one day behind on the docket, and the lawyers are expecting a real strenuous time during the next week, as Saturday, February 5, is the last day of the term and several important cases remain on the docket to be disposed of.

The four cases against H. E. Rogers, charged with grand larceny, were continued for the term, Friday afternoon, and the work of selecting a jury to try the case against Dan Kennedy consumed the balance of the evening session. The Saturday morning session was taken up with the Kennedy trial, and the trial is still in progress as the Evening News goes to press. Kennedy is charged with stealing a hog from John Thomas. Both parties live in the Pittsburgh neighborhood and a number of witnesses have testified for each side.

To Try Murder Case.  
The first case to be taken up Monday morning will be the Rose murder case in which John Rose and two sons, Ira and Willie, are charged with the murder of Nordon McLish, an Indian, the night of Dec. 24, 1919, near the Blue Mound school house, 20 miles south of Ada.

Judge Bolen announces that every effort will be made to clear the docket of cases during the coming week, but that the cases remaining undried next Saturday will go over to the next term.

## KINGSTON CAGERS WERE EASY PREY

Local High School Team  
Took Game by Wide  
Margin.

The local high school cagers added another scalp to their belt last evening when they met and defeated the Kingston high school team by the score of 55-11, at the Ada high school gym.

Phenomenal goal shooting backed by splendid team work told the story for the home boys, and at no stage of the game were they in danger. Their action was little short of superb, and demonstrated that the team has improved wonderfully in its playing ability during the past few weeks.

The visiting boys were willing enough and did their best, but the many fumbles and failures at the goal showed that they lacked the practice, without which no team can hope to succeed. They proved to be good sports, and accepted defeat with the best of grace. The game was clean, thorough, and judging from the noise made by the large crowd of spectators, every one got their money's worth.

Newton, Nealy and Sutherland started for the home team. Newton planted the sphere in the cage ten times during the game; Nealy made eight true shots, and Sutherland five. Several of the successful throws were under great difficulties and showed that the boys are capable of doing things, on occasion.

This was the fourth game of the season for the Kingston team, only one of which has been won by them. They took one game from Plattler H. and lost one each to Tishomingo and Mansville. While at present they show the need of training, they have the making of a good team. Each of the boys who participated in the game last evening was a member of the Kingston football eleven last year which won the southeast Normal district championship.

Line-up:  
Ada Position King'ston  
Newton F. Little, Capt.  
Copeland F. Massey  
Nealy C. Buck  
Derrick G. Beams  
Evans, Capt. G. Reynolds  
Substitutes for Ada: Sutherland for Copeland in last half; Malloy for Derrick in last half; Potts for Newton as final whistle sounded.  
Substitutes for Kingston: Cooper and Brice.  
Referee, E. C. Wilson; score keeper Parker. Time 20-20.  
Score: Ada 55, Kingston 11.

## Germany Must Pay 226 Billions in Gold

Allied Supreme Council Has  
Agreed on Question of  
Reparations.

(By the Associated Press.)

PARIS, Jan. 29. — The German reparations plan, as drafted by the special committee of the supreme council of the allies, was signed by the council members this evening. The German disarmament agreement, also was signed. The council likewise approved a plan for a 200-million plank corporation to aid Austria.

PARIS, Jan. 29. — The allied supreme council today approved the German reparations plan drafted by its special committee last night.

Germany will be required to pay two hundred and twenty-six billion gold marks in forty-two annual installments under this plan. The first two installments would be two billion marks; the next three billion; and the next three, four billion; the next three, five billion and the next thirty-one six billion each.

In addition to this, Germany will be required to pay a 12 percent tax on her exports, this tax calculated on the basis of German exports in 1913, would total a little more than one billion five hundred million gold marks. The plan would place the task of collecting the tax on

the allied reparations commission. It is understood that for the purpose of inducing Germany to pay off her reparation debt as rapidly as possible she would be allowed discounts on her annual payments. These discounts would be fixed at 8 percent the first two years, 6 percent the next two years and 5 percent the remaining 38 years.

As a guarantee against Germany defaulting in her payments the committee recommended that in such an event German customs might be seized and new or increased taxes be imposed without prejudice against any measure the allies might take.

The plan was in the hands of the printer early this afternoon and will be signed when the council meets for its second session today. The plan will be communicated to the Germans in a few days and they will be invited to a conference on February 28, to consider the terms. In the meantime the Brussels council of economic export will resume its session February 7.

The penalties provided in the reparations plan are in general the same as under the treaty of Versailles, including both military and economic measures.

After finishing consideration of the reparations question, the council plans to settle the disarmament.

## Labor Union May Oppose Wage Cuts

Shipyard Workers To Vote  
on Accepting New  
Scale.

WASHINGTON, Jan. 29. — Officials of the labor union representing skilled employees of shipyards today ordered a general referendum on the proposal of the Atlantic Shipbuilders' association and Bethlehem Shipbuilding corporation, that wage scales be reduced 10 percent as the initial move in a program designated to bring down production costs.

A. J. Berres, secretary of the metal trades department of the American Federation of Labor, which has been supervising the negotiations, said today that the question of whether the cut would be accepted depended entirely upon the outcome of the vote. Between sixty and seventy-five thousand skilled laborers will be affected.

## CHILL BREEZE OVERTAKES GOOD BOAT "VICTORIA"

PALM BEACH, Fla., Jan. 28. — President-elect Harding's houseboat "Victoria" battled with a chill wind today as it made its way toward Miami on the last lap of its trip down the Florida coast. Indications were she would reach Miami before nightfall.

According to the present plans, Harding and his companions on the house boat trip, will make only a short stop at Miami and then will proceed to a fishing ground to the south.

## Lured to Door, Syrian Is Robbed of Fortune

Fired Poison Bullets at Five  
Who Get Away With  
His Thousands.

OKLAHOMA CITY, Jan. 29. — Two men and two boys are under arrest at Norman, as suspects in the sensational robbery here early yesterday of Ellis Bishara, Syrian shoe repair shop proprietor, who told the police late yesterday that he had been robbed that morning at 2 o'clock of \$30,000 in money and about \$10,000 in diamonds. The two men, according to information received here from the Norman police, gave their names as Standley and Martin. The police did not get the names of the boys, who are said to be about 18 years old. The report said the men refused to make any statement.

According to Bishara's statement to the police, he was decoyed from his bedroom in the rear of his shop by a woman with a baby in her arms and another child by her side, who asked him to escort her home. Stepping outside he said he was attacked by five men, who robbed him of 22 one thousand dollar bills and two diamonds. He told the police he shot one of the men point blank with poison bullets and that he was sure to die.

## Rough Riders to Tame Wild Mustang Ponies

Honest Bill To Give Free  
Show at Fair Grounds  
Sunday Afternoon.

Honest Bill announces that a riding contest will be held at the Fair Grounds Sunday afternoon, beginning at 2 p. m. Expert riders connected with the Honest Bill show are busy training a bunch of vicious mustang ponies which are to be used in the big show the coming season.

In addition to the training of the wild horses to be used in the show, it is said that some of the boys from the country intend to bring in some untamed Pontotoc county horses to be ridden by the experts, and some of the local riders will undertake to ride some of the show horses.

An attempt will be made to ride "Crazy Snake," the 29-year-old outlaw horse who has disfigured more cowpunchers than any other living horse. While "Crazy Snake" has lived to a ripe old age he is still able to make the very best of tilters pull leather.

No admission will be charged and everyone will be welcome.

## BOILER EXPLODES FOUR RAILROAD MEN ARE KILLED

(By the Associated Press.)  
WHEELING, W. Va., Jan. 29. — Four Baltimore and Ohio railroad employees were killed early today when a locomotive boiler exploded near Littleton, West Virginia.

## ARDMORE BOY HELD FOR KILLING MAN OF SIXTY

(By the Associated Press.)  
ARDMORE, Jan. 29. — W. F. Carl, a merchant of Ardmore, a small town east of Ardmore, was shot and instantly killed last night.

Theodore Fuller, 16-year-old boy, is in the Carter county jail here charged with the killing. Carl was 60 years old. No motive for the crime has been given out. The boy's father and a friend, who were with him at the time of the shooting, also are under arrest.

## POLAND TO GET LARGE QUANTITY OF BALED WOOL

(By the Associated Press.)  
PARIS, Jan. 28. — Poland is to get more than 35,000 bales of Australian and New Zealand wool under a contract signed with the British Director-General of Raw Materials. Poland is to give bonds for \$1,150,000 as payment to the International Committee for Relief Credits which will finance the affair.

The Polish government has agreed not to requisition the manufactured goods and plans to have most of the cloth held for export trade.

## Applies for Job by Wireless, Gets It

(By the Associated Press.)

MUSKOGEE, Jan. 29th. — James Johnson, a machinist, who signed himself as Number 4-zm, Cincinnati, Ohio, in a wireless telephone message that was picked up here last night by Clarence Selby, a young Muskogee wireless phone expert, got a job via the air in "Dallas last night."

Shortly after Johnson's message was picked up by Selby's station, 8-xp, signature of a Dallas operator, replied that there was a job in that city for Johnson. Johnson wired back that he would accept. Selby's station last night picked up a photograph concert at Pittsburg.

## FEUDIST FREED UNDER BOND

Man Who Shot at Two in  
Lulu Depot is Recovering  
From His Wounds.

Emmett Bales, who was arrested at Tupelo last Tuesday evening following the alleged shooting of two men at Lulu that afternoon, was released from jail here Friday afternoon on \$2,000 bond and is now in the city at a private home recovering from two gunshot wounds which were received in the shooting mentioned above.

Two charges of assault with intent to kill have been placed against Bales by the county attorney, one for the shooting of John Hall, and the other for shooting a Joe Johnson at the Lulu depot last Tuesday. His preliminary trial will be held as soon as it is possible for the officers to conduct a thorough investigation of the circumstances surrounding the shooting.

Bales was first placed in the hospital when brought here from Tupelo, but he was removed to the jail Thursday evening when the county doctor advised that his injuries were not of a serious nature.

It is said that the shooting was the result of an old feud which had smoldered between the participants for a number of years. Trouble is said to have started when Bales entered the depot at Lulu and opened fire on Hall and Johnson. It is said that Hall returned Bales' fire after he had received three slight wounds from the other's gun.

## SAILORS ARE BONDED BEFORE LEAVING PORT

(By the Associated Press.)

GALVESTON, Tex., Jan. 28. — So many Europeans have taken advantage of an alleged loophole in the American Seaman's Act, local steamship agents assert, that number of foreign steamship operators are adopting the precaution of bonding their sailors to complete round trip voyages to America.

The local agents declare that deserters from vessels flying foreign flags beyond the reach of the United States immigration authorities. If the sailor, upon being taken into custody by those authorities, states that he intends to sail on the "first available ship" the immigration officers have alternative, under the provisions of the Seaman's Act, but to free him. Then, although an attempt is made to keep the sailor under surveillance, the deserter frequently manages to make good his escape to some interior city.

By taking advantage of this breach in the governmental wall designed to keep out undesirable, local steamship agents declare, riffs from Russia, Germany and many other countries of Europe in which economic pressure rests heavily upon the people's shoulders, finds comparatively little difficulty in getting into the United States.

## THE LEGISLATURE

(By the Associated Press.)

OKLAHOMA CITY, Jan. 29. — Only the lower house of the Oklahoma legislature is in session today, the senate having adjourned yesterday until Monday. The house, which yesterday discussed several bills in committee as a whole, and heard William H. Murray, first speaker of the house, in an address on the evil of bad government, is expected today to act on the report of the committee sent to investigate institutions in western Oklahoma which might be used as temporary hospitals for former service men.

The report recommended that the Clinton Sanatorium be completed immediately and that the Federal school for Indians at Rainey Mountain, Kiowa county, be obtained, if possible, for the hospital.

## MUST SERVE EIGHT YEARS IN PEN FOR WRONGING GIRL

Joe Parks, Ada Barber, Is  
Found Guilty in the  
District Court.

Guilty as charged was the verdict returned by a jury in district court last night against Joe Parks, Ada man charged with a statutory offense against Eva Baise, 15-year-old girl of this city. The jury fixed his punishment at eight years in the penitentiary.

Parks was positively identified by the girl as the man who had wronged her. A masterful fight by the attorneys for the defense failed to break down the chain of incriminating evidence introduced by the state. Parks sought to prove an alibi.

The case was left in the hands of the jury shortly before 5 o'clock after counsel for the state and the defense had made their pleas. The state was represented by County Attorney Wayne Wadlington and H. F. Mathis, assistant prosecutor, John Crawford of Ada, and John Carr of Pauls Valley represented the defense. All of the details of the case were covered by the attorneys in their arguments. Eloquent pleas were made for both the defendant and the state.

The jury reported at 8 p. m. and the defendant heard the verdict without show of concern. His young wife, who had been at his side throughout the trial and had testified in his defense, was not in the court room when the jury reported.

While no action has been taken, it is understood the case will be appealed, and an attempt may be made to secure a new trial. The defendant is still out on his original bond which will hold good until next Saturday, which has been designated "sentence day" by the court.

Parks is a barber, and has been connected with a shop here for several years.

## Business College Loses in Fast Game With Francis Team

Playing with a team of new, inexperienced men, the Ada Business College lost in a fast game with the Francis High school last night at that place, the score being 45 to 27. The Francis team is strong and has had much training and experience this year, while the College boys were all without experience, except the two forwards, some of them having never played in a match game before. Other members of the team, who just recently enrolled, were without practice.

The first half was a huge victory for the Francis cagers and they entered the game with a rush, carrying their opponents off their feet. The college boys were unable to such quick and accurate playing, but proved themselves good losers and never let up for a minute. Francis was the first half by the score of 33 to 5.

When the second half was called the Ada team entered the court with a new spirit, determined to make up for the heavy loss in the first half. They had tasted the glory of battle and every man put forth his best efforts. The ball seemed to fly through space for them and nestled into the goal with easy and accuracy. The stalwart defenders of the Francis school were greatly surprised by this new playing of their opponents and despite their hardest efforts, were unable to stem the tide. At the end of the half the score made was 22 to 12 in favor of the Ada team making the final score 45 to 27.

The game was one of the cleanest played by either team this season and featured good fellowship from start to finish. There was a large crowd out who were given a real treat in this kind of sport. The game held them in suspense, was full of excitement and the positive outcome was undecided until the whistle blew. The College boys, although they lost in the point of scores, came home satisfied and all had a good time.

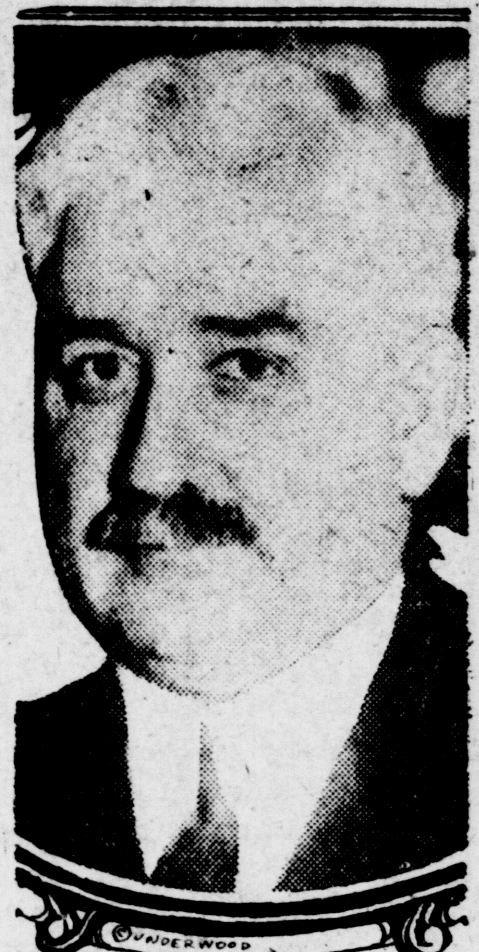

The following is a line-up of the Ada College boys: H. Dew, center; S. Dew, guard; Cromer, guard; Byrd, forward; Newcomb, forward; and Van Meter, sub guard, took place of Dew in last half. W. K. Newcomb of the Normal refereed the game.

## DRY WORKERS ACTIVE IN SWITZERLAND

GENEVA, Jan. 28. — A campaign to make Switzerland dry has been undertaken by the Swiss Anti-Alcoholic League. Its first step, it is announced, will be to demand a federal referendum authorizing the Swiss cantons to exercise local option.

The prohibitionist leaders here say that recent unofficial balloting indicated that a large number of the cantons would vote to become dry if the issue were presented to them.

## N. Y. POLICE HEAD FACING REMOVAL

Loilee Com. Richard E. Enright.

The resignation or deposition of Richard E. Enright as police commissioner of New York is considered possible as one result of the investigation into administration of the city and police department now being conducted by the district attorney's office. Former Governor Whitman of New York is in charge of the probe as special deputy assistant to the district attorney. Charges of graft and the failure to handle the crime situation are being investigated by Whitman.

"When I resign the whole world will know it," says Enright.

## FREE MOVIES AT ADA THEATRES TOMORROW

Free matinees will be presented in the theaters of Ada tomorrow for the benefit of the starving babies of Europe.

Herbert Hoover, humanitarian and statesman, has asked us motion folks to help save the babies. A \$10 note buys a life from the Grim Destroyer. Think of your own dear kiddies; lay aside your prejudice; boost and attend the Sunday afternoon performance starting at 1 o'clock.

At the McSwain a Paramount feature, entitled "Missing," will be presented, also a Mack Sennett comedy, the title of which speaks for itself, "Watch Your Neighbor." This program is furnished free by the exchanges. We give our house free, our employees are donating their services, and every penny goes to the starving babies of Europe.

Excellent programs will be presented at the American and Liberty Theaters.

You will save money by reading the ads.

## THE CHURCH AND BLUE LAWS.

KANSAS CITY, Mo., Jan. 24. — Professor C. T. Everson, evangelist and Bible lecturer, Sunday night, lectured on "Why Jesus Christ Would Have Been Sent to Jail if Sunday Laws Had Been Enforced in His day," at the tabernacle, Twenty-seventh street and Benton boulevard.

"If it is a legitimate thing to view a motion picture show or see a play on Monday, why is it a crime to see the same thing on Sunday?" Professor Everson asked. "It certainly cannot be a question of protecting the public from contamination, for if the play is immoral it is equally detrimental to society to permit it to run the other six days of the week."

"Why should it be contrary to the law to read a newspaper or to see a baseball game on Sunday when no one objects to either on Monday? Upholders of the blue laws say Sunday newspapers, theaters, movies and baseball are criminal because the gentlemen engaged in these pursuits make money in carrying on the same. They say that if the monetary consideration were eliminated not one of the projects would continue on Sunday."

"This argument," he continued, "might just as well be used in endeavoring to discourage other lines of activity. It is quite likely that a good many churches would be obliged to close their doors if the clergymen occupying the pulpits were refused compensation for the sermons they preach. Doctors might be less inclined to visit patients on Sunday if Sunday calls were on the free list."

"The Constitution of the United States plainly declares that congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof. No government, as yet, has invaded the realm of conscience and succeeded in benefitting its citizens. History is full of such experiments and they are all tragedies of the most appalling kind."

"I maintain that when the amusements of the day outdraw the church that it is time for the church to find out the cause of the weak hold it has on its members and the community."

## KERENSKY'S CHANCES.

An unknown has a much better chance to play in the Russian revolutionary game than has Kerensky, who has bobbed up in Paris with an appeal to all his friends to rally about him. Kerensky probably feels that, as his exile is the most important event to him, it also is the most important event to the world at large. This is wrong. Nothing is more futile than the mere talk of a defeated political candidate.

Kerensky had the dice in his hands, and rolled a deuce. Since then other players have had their turn—Kolchak, Denikin, Wrangel, and others. The dice now are in the hands of the Bolshevik leaders, who, unfortunately it may seem to us, appear to be rolling a straight series of "natural" sevens and eights.

If Kerensky really was serious about rejoining the game, he should go to Russia to do it, not to Paris to talk about it. His return to Russia would be a real throw of the dice, and one the world would watch, although its chances for success would be just as slim as the chances of any thoroughly defeated person to "come back."

The history of revolution would not be running true to form if those who had failed should be called up for a second trial so early in the proceedings. The next figure to engage on the stage is much more likely to be a new one of which we have not heard. There must be many Kerenskys in Russia who have not had their chance yet, and their opportunities to deliver a stroke from within are much better than those of Kerensky's outside.

## CRIME PUBLICITY.

A fair number of persons believe that publicity aggravates crime conditions. The should consider the opinion of Henry B. Chamberlain, operating director of the Chicago crime commission, who declares that telling the people the facts has been an aid to the commission in checking crime.

It is generally conceded that the ostrich neither protects itself nor improves its safety by merely hiding its head in the sand. Nor could it be argued that if one was seriously ill, the facts should be kept away from his family.

If dangerous conditions exist, they should be stamped as dangerous conditions, no matter where they are found. Mr. Chamberlain says that telling the whole truth is the straight and honest course, and the one which leads to remedy.

Crime might exist for some time in a community with a fair degree of concealment, and then break from control entirely, imposing a series of outrages that would work vast damage. If a "crime wave" is revealed at its start, and revealed plainly enough, the community as a unit will take steps to stem it.

And when a community acts in that manner, it never fails.

Men of cabinet size are looking receptive.

The Russians have nothing for which to be thankful. Their situation cannot become worse.

Speculations on the Harding cabinet resemble the stock market. At last accounts Lowden was off 15 points.

Like England in olden times, the United States is worried by the invasion of Scotch from the North.

At the last session of congress it was, "wait till after election;" now it is, "wait till after inauguration."

A nonpartisan league organ has gone on the rocks, cutting down the waste of paper a little.

The legislative hoppers are running full time regardless of industrial conditions.

Those Russian communists will bluster around in Europe until they get what is coming to them.

One way of being impressed with the value of letting well enough alone is to stir up a hornets' nest.

It usually happens that the best citizens in a community let the people find the fact out for themselves.

It usually helps when the dealer is more anxious to sell than the consumer is to buy—helps the consumer.

Anyhow, bartenders in the soft drink emporiums are not solicited to kiss some of their best customers goodnight.

If California needs help in case of war with Japan, she may be able to borrow a battleship or two from the government.

## Empty Plates and Empty Stomachs

There are, in the hunger lands of Eastern and Central Europe, no less than 3,500,000 little children for whom America must make a place at her family dinner tables during the next ten months, if they are to live. The European Relief Council, Herbert Hoover, chairman, undertaking to provide for them one hot meal a day at public feeding stations, has asked that every family in this country take at least one of these unfortunate as an "invisible guest" throughout the coming winter.

To entertain a starving boy or girl as your "invisible guest" you have only to purchase an "Invisible Guest" certificate and thus assure him of sufficient food to maintain life. One dollar will fill a child's plate for a whole month. Ten dollars will make him your guest until next harvest.

Meanwhile, hunger long endured is

marking and maiming its victims every day. Fifty per cent of the children of the city of Vienna alone are tubercular. Fully ninety per cent are afflicted with rickets, which causes a softening and bending of the bones. The remedy for both is simply food—enough and of the right kind.

The European Relief Council, representing the concerted effort of the American Relief Administration, the American Red Cross, the American Friends' Service Committee (Quakers), the Federal Council of Churches of Christ in America, the Jewish Joint Distribution Committee, the Knights of Columbus, the Y. M. C. A. and the Y. W. C. A., is seeking to raise \$50,000,000 in a national collection.

"Invisible Guest" certificates may be obtained from your local committees. Or, if you prefer, apply to Franklin K. Lane, treasurer of the European Relief Council, 42 Broadway, New York City.

## The Forum of the Press

Cushing News: Dr. A. R. Lewis, state health commissioner, is now furnishing the housewife with recipes for destroying the festive bedbug, which shows the doctor is not wise in his day and generation. Let one of them get busy in some household and see the war begin.

Bartlesville Examiner: When all's said and done, the fact remains that the Irish Question has to be fought out in Ireland. America is no place for a foreign race vendetta.

Shawnee News: The turning loose by the county attorney at Tulsa of the man and woman held in connection with the case of Homer Nida, who was murdered and for which crime one of his assailants was taken from jail and hanged while another of speculation and much comment of a none too complimentary nature.

Oklmulgee Times: The chief of police says he can account for every one of the 40 quarts of bonded whisky seized in the now famous raid. That ought to be easy to do. But can he produce it?

Vinita Journal: The barbers of Vinita have done their part to bring down the high price of shaves and haircuts. The former now sell for 15 cents and the latter for 25 cents. There is no excuse for long whiskers or hair in Vinita as this is a very liberal cut for the barbers to make.

Muskogee Times-Democrat: Isn't it odd that so many men who rarely if ever took a drink now talk of nothing but their successful efforts to get one?

Oklmulgee Democrat: Not only should the price of oil not be reduced, but there is every reason to expect an increase in the price of crude oil to the point where development will be stimulated in every direction and every possible field tested.

Pawhuska Capital: The person who has real ability does not need to do any worrying for fear the people will not discover it.

Cushing News: The legislature has been in session three weeks. We had all hoped for big things from this session, but it looks now as though it, too, will go down in the pec-wee class. There has been too much bickering and political backing and filling. We are not getting anywhere. The legislature is spending a lot of money without getting results, while the business of the state can go hang.

Chickasha Express: In order to further protect the fair citizens of this sovereign state, the solon who wants to put high heel shoes under the ban should hasten to provide a commission to fix the size which molly must wear.

Vinita Journal: It is hard to believe that the governor has detectives to watch members of the house for there is nothing of value laying loose around the capitol and what does the governor care if the members lose their pay checks in a poker game?

## WHY I LIVE IN ADA

The News is pleased to announce that the first prize for the best letter from readers of this paper, telling why they live in Ada, has been awarded to Robert D. Moore, who is "only a high school boy," to use his own words. A check for \$5 goes out this afternoon to Robert, with the good wishes of the News for a long life in Ada.

The two six-month subscriptions to the News go to Mrs. J. A. Randall of 411 West Twelfth and to J. Albert Crane. Mr. Crane was poetic in telling of his many good reasons for living in Ada.

In answer to the question, "Why do you live in Ada," a mass of letters have accumulated on the editor's desk, and the judges read all of these this morning before making their decision. Members of the News staff, supplemented by T. O. Cullins, county registrar of voters, spent a great part of the morning deciding upon the winners.

The News wants to tell the outside world of the advantages of living in Ada, and left it to the readers of this paper to do the telling. The ready response which met our request for testimonials is evidence sufficient that folks here are proud of our city.

All of the letters which have been received will be published during the coming week.

Here is the letter which carried off the first prize:

Ada Evening News.

While reading the evening paper I noticed your request for letters boasting the city. I am only a high school boy, but I agree with you, "Be a Booster or move out."

I live in Ada because it is a progressive little city of 8,500 people, situated in one of the best farming districts in Oklahoma. There are many producing oil wells near Ada and many new wells are being drilled day by day.

Many progressive factories and other industries are located in and around the city including a glass factory, a brick and tile plant, a creamery, two bakeries, an ice plant, four wholesale grocery houses and one of the largest cement plants in the United States. Ada has an inexhaustible gas supply and a bubbling spring furnishes the town with water. Ada also has eight churches, two live com-

mercial clubs, five Boy Scout troops, and one of the best daily newspapers in the state, who are all doing their best to boost the city to a higher place morally, religiously and commercially.

In Ada is found one of the best school systems of the state, consisting of a high school, five ward schools, and one of the best normal schools in the state.

Ada has very strict morals. In fact its health, wealth and morals, makes it an ideal place to live, prosper and to raise your family.

Yours for a better city,

## WILL BEGIN WORK ON MASONIC TEMPLE NEXT MONTH

(By the Associated Press)

OKMULGEE, Okla., Jan. 27.—Construction of the new Masonic Temple to be erected in Okmulgee at a cost of \$400,000 will begin sometime early in February, according to announcement here. The building will be seven stories high and contain accommodations for many offices.

According to the specifications the basement will be given over to a restaurant and the lodge will use first and top floors for its meetings and ceremonials. The second to the sixth will house offices of various concerns.

## BANKERS TO MEET AT ARDMORE THIS MONTH IS REPORT

(By the Associated Press)

ARDMORE, Jan. 28.—More than 250 bankers comprising Group Five of the Oklahoma Bankers' association are expected to be in attendance here February 18 at the annual convention of southern Oklahoma bankers, according to an announcement by W. W. Jeter, vice-president of the State National Bank of Ardmore, chairman of the group. A call for the convention was recently made.

Speakers for the occasion will be furnished by the state organization Mr. Jeter said, while the plans for entertainment include a special service for the wives of the bankers.

The Oklahoma association is divided into five groups, each group holding annual meetings during the month of February, and joining in a state convention in May.

Oklahoma City Grows.

WASHINGTON, Jan. 29.—The negro population of Oklahoma City in 1920 was announced today by the census bureau as 8,269, an increase of 1,725, or 26.3 per cent. The white population was 82,876, an increase of 25,354, or 44.1 per cent and all others 179.

## SOCIETY

Laugh, and the world laughs with you;

Weep, and you weep alone;

For the sad old earth must borrow

its mirth,

But has trouble enough of its own.

Sing, and the hills will answer;

Sigh, it is lost on the air;

The echoes bound to a joyful sound,

But shrink from voicing care.

Rejoice, and men will seek you;

Grieve, and they turn and go;

They want full measure of all your pleasure.

But they do not need your woe.

Be glad, and your friends are many;

Be sad, and you lose them all;

There are none to decline your

nectar'd wine.

But alone you must drink life's

gall.

Feast, and your halls are crowded;

Fast, and the world goes by.

Succeed and give, and it helps you

live.

But no man can help you die.

There is room in the halls of

pleasure

For a large and lordly train.

But one by one we must all file

on

Through the narrow aisles of

pain.

Mrs. Taylor Honored.

The beautiful home of Mr. and

Mrs. W. E. Moore on East Thir-

teenth street was open to the ladies

of the Missionary society of the

Methodist church Thursday after-

noon. Mrs. Taylor, not knowing

the party was being given in her

honor, realized the fact when a

story of her life from childhood

was given by the president of the

society.

A beautiful handbag was pre-

sented the honoree as a birthday

gift and as a token of their love

and appreciation of her. She re-

sponded in a gracious manner.

Then the dining room was opened

which made a cake with pink

carnations, and crystal candlesticks

with burning candles. Mrs. Taylor's

wish as she blew out the candles

was "that the year 1921 might be

the greatest of Methodism."

After enjoying a delightful pro-

gram the guests were served a

menu of cream chicken, pear salad,

pickles, wafers and coffee.

Each one, wishing Mrs. Taylor

many happy returns of the day,

departed for their homes.

Black-Draught, Long in Successful

Use, Praised by an Arkansas

Mother, "Soon Does

Its Work."

Marmaduke, Ark.—Speaking of

Thedford's Black-Draught, which from

long use in her household has become

regarded as "the family medicine,"

Mrs. Mary E. Hill, of Route 1, this

place, says:

"When the children get bilious, I

give them a couple of good doses, and

when we have sour stomach, headache,

or any liver or stomach trouble, we

use Black-Draught. It is an easy laxa-

tive, and soon does the work. I cer-

tainly think it is one of the best re-

medies made."

Black-Draught acts on the liver,

gently, but positively, and helps

it in its important function of throw-

ing out waste materials and poisons

from the system.

In thousands of households Black-

Draught is kept handy for immediate

use in time of need. Prompt treatment

often is half the battle, and will often

prevent slight ills from developing in-

to serious troubles.

Its well-established merit, during

more than 70 years of successful use,

should convince you of the helpful

effects obtainable by taking Black-

Draught for liver and stomach dis-

orders. Get a package today, and

keep it in your house. See that

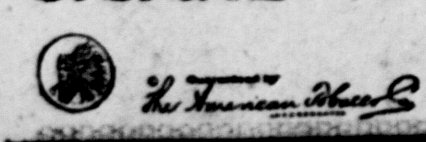

the package bears the words,

"Thedford's Black-Draught." NC-141

## VESSEL RETURNS AFTER ATTEMPT TO CROSS SEA

(By the Associated Press)

QUEENSTOWN, Jan. 28.—The hardships of crossing the Atlantic in a sailing vessel in mid-winter were shown by the experience of the Norwegian bark Sirdal, which gave up the attempt after spending 75 days at sea and has returned to this port with her bulwarks stove in and much of her canvas in rags.

Most of her crew were either ill or worn out by fatigue and exposure. Neither vessel nor men were fit for further conflict with angry seas. The Sirdal left Christiansand as far back as October 22, bound for Barbados and carrying only ballast. Almost from the start she encountered heavy western gales but made her way as far west as mid-Atlantic whence she was driven

north to the coast of Labrador and then almost over to Iceland. Several times she was thrown on her beam ends, her decks were incessantly swept by seas, cabins flooded and riggings so strained that it was feared the masts would go. One man fell from aloft in a gale and was killed.

Herbule corrects biliousness, indigestion and constipation. It is a fine herbal medicine that drives out impurities and restores healthy conditions in the system. Price, 60c. Sold by Hensler & Story.

## TWO SISTERS GET HELP

Praise Lydia E. Pinkham's  
Vegetable Compound for  
what it did for Them

Hagerstown, Md.—"I was overworked and my monthly periods stopped. My body was swollen and I often had pains so I had to lie down. I was treated by a physician, but he did not seem to help me at all. My sister had taken your medicine with great results so I took Lydia E. Pinkham's Vegetable Compound and now I am able to work and feel like working. I have been recommending your medicine to my friends, and you are welcome to use my testimonial for I can never praise your medicine enough for what it has done for me."—RHODA E. CARBAUGH, R. R. 1, Hagerstown, Md.

Women will tax their powers of endurance to the limit before giving up, and it is then some womanly ailment develops and they have to give up entirely. When a woman suffers from such symptoms as irregularities, headaches, backaches, bearing-down pains, inflammation, nervousness and "the blues," it is well for her to profit by Mrs. Carbaugh's experience and try Lydia E. Pinkham's Vegetable Compound. It has restored multitudes of women suffering from just such ailments.

## Now Is the Time

for clear heads, stout hearts, and busy hands.

This period of readjustment—through which we are now passing is not new or strange. This nation has gone through the same thing before. We have met and solved even greater problems than those now confronting us and we see no cause for alarm now.

Through careful planning and earnest co-operation we will emerge, even better for the setback the present situation has caused.

**Nazarene Convention.**  
The Ministers' convention of the Eastern Oklahoma District, "Church of the Nazarene," convened here January 26, 1921, at 7:30 with preaching by Rev. W. H. Minor, pastor at Durant, Okla. Subject, "Death for Life." At 9:30 a. m. Thursday, 27th, the District superintendent, Rev. Mark Whitney, gave us a welcome address in which we preachers were royally welcomed to Ada, and have since been royally entertained. Rev. Whitney being chairman of the convention, at this time took the chair and the business of the assembly came before the body.

Papers for discussion were read, after each paper, there followed a very lively, timely and beneficial talk. Some of these were of a most touching nature. The convention, as well as the people of Ada enjoyed some great preaching indeed, each day at 11 a. m. and 7:30 p. m., we being favored by some of the best and most able preachers in Oklahoma. Subjects of above mentioned papers are as follows: "Rural and Village Churches" and "How to Maintain Them"; "Christian Duty Concerning the Tithes in Both Dispensations"; "The Need of Home Missions"; "How to Accomplish and Conserve Home Mission Work"; and "Does Pastoral Visiting Pay?"

Each day was a climax to the preceding one. This convention was indeed a great inspiration to the Eastern Oklahoma district in general, and to every preacher and layman that attended these services. A good number were saved and also some sanctified. Some very remarkable cases of healing of the physical body were performed by the good Lord. We all say "Amen, praise God from whom all blessings flow," for all these great blessings. We earnestly beg all who read these lines to praise Him and gladly give all the glory to God.

## Obituary

Mrs. W. H. McElroy died at her home at 630 West Tenth street January 26. She is survived by a husband and two children, D. M. McElroy and Mrs. Martha Starritt. She was a true and devoted wife and mother, and was a faithful Christian, being a member of the Missionary Baptist church for 24 years. She was 59 years and 3 months old. Mr. and Mrs. McElroy moved to this county in 1891 and have lived here since.

The funeral was held at her home and a host of friends and relatives were present. Many beautiful floral offerings were made.

Mrs. Susie Seates died at her home at 219 West Sixth street this morning at 6:30. She was 58 years of age and leaves a son and two brothers to mourn her absence. The funeral services will be held tomorrow at the home and the body will be laid to rest in the Rosedale cemetery.

### Methodist Church.

Rev. W. M. Wilson, a former pastor of the First Methodist church here but now working for the Near East Relief, will preach at the church tomorrow at 11 a. m. His many friends and parishioners will be glad to meet him again. Everybody cordially invited.

CHICAGO, Jan. 28.—Fifty-four historical paintings, many by famous artists, included in the noteworthy collection of the late Charles F. Gunther, the candy manufacturer, recently were listed for inventory and disposed of at public auction here.

The sale attracted the attention of art connoisseurs throughout the city and the paintings were disposed of at prices far below the value estimated by art critics.

To drive out worms that are eating away the strength and vitality of your child, use White's Cream Vermifuge. It expels the worms without injury to the child. Price 35c. Sold by Hensler & Story.

## GO TO THEATRE

**American.**  
"The Great Accident," starring Tom Moore, which comes to the American Theater, Monday, is the screen adaptation of Ben Ames Williams' story which created a sensation when it recently appeared in serial form in The Saturday Evening Post.

The action takes place in the middle western town, Harrison, at the time when the enforcement of the dry law was an issue in the mayoralty campaign.

Winthrop Chase, Senior, (Andrew Bobson), is candidate on the platform "for enforcement of the law," and his opposition with a negative platform is certain to lose.

The possibility of having Chase Mayor of the town, does not appeal to the Congressman of the district, Caretall, (Willard Louis), who sees a dangerous political issue.

Caretall works upon the sense of humor of the people, and the majority of the ballots when they are counted on election day, announce the fact that Winthrop Chase Junior, (Tom Moore), carefree, irresponsible son of Chase, has been elected to the position his father coveted.

Wint Chase, as he is known, is well liked because of his many little affairs and escapades, but is hardly the qualified mayor of a town, even the size of Harrison.

Wint realized the fact, and saw at once that he had been made

the goat for a practical joke upon his father. How he overcame the obstacles that must naturally confront a Mayor who holds the respect of not one of his supposed constituents, and effected the passage of certain powerful legislative acts, will amuse and thrill you in this latest Goldwyn feature production.

### McSwain.

A fierce battle at fisticuffs over a pretty girl in an opium den in Shanghai is only one of the exciting episodes in "Crooked Streets," the new adventure-romance starring Ethel Clayton, which will be on view at the McSwain Theater today. Miss Clayton, as the heroine, has been taken to the den by a treacherous rickshaw driver. A supposed gambler and a drunken French sailor battle for possession of her. Of course, the adventure turns out happily, but brings some unexpected results in its wake.

"Crooked Streets" was adapted

from Samuel Merwin's story, "Dinner at Eight". Jack Holt and Clyde Fillmore are included in the supporting cast and Paul Powell was the director. It is a Paramount Arteract.

## Our Half Price Sale Sure Peps 'Em Up

"Business as usual" was one of the great "war-winning" slogans. It was vital that the wheels of business kept revolving so that a prosperous country could furnish funds and supplies to maintain our boys overseas in comfort and in determined spirit.

"Business as usual" is just as vital today, that our great army of workers in the shops, in the factories, in the foundries, in the mills and on the farms may have profitable employment at livable wages.

When you stop buying you create stagnation that develops overproduction. Overproduction halts industry, causes unemployment and hard times. Neither autocrat nor artisan, magnate or mechanic, employer or wage earner, can afford to stop buying.
